

# PRIME NEWS

PRIME NEW YORK. THE CONSULTANT OTHER POLITICAL CONSULTANTS TURN TO.

## MORE DATA THAN EVER NOW AVAILABLE FROM PRIME NEW YORK

### Recent additions to our voter file now include:

- Complex householding to confirm most likely household groupings
- Landline and cell phone matching from five national commercial sources
- Analysis of family characteristics
- Calculation of likely marital status
- Ethnic and religious identification for @90% of voters
- Commercial file attribute appending for nearly 200 separate attributes including income, education, occupation and much more
- Application of proprietary hot button issue models and private self-reported issue data
- Lifestyle and interest coding from commercial data sources
- Census data conversions and application of American Community Survey Data

### Among commercial and lifestyle attributes are:

- Income
- Occupation
- Education
- Religion
- Charitable giving in fourteen different categories
- Home purchase price and date along with likely current value
- Land value and median housing value
- Home owner versus renter
- Estimated net worth
- Investor status
- Business owner
- Likely presence of children in household
- Likely primary language
- Lifestyle patterns and magazine category subscriptions
- Pet owners of various types
- Gun owners
- Veterans
- Environmentalists
- Hobbies and interests found in the household
- Self-reported views on hot button issues including abortion, same sex marriage, gun control, immigration, school choice and more

**Contact Stu Osnow or Jerry Skurnik at 212-587-8080 or at [primeny711@aol.com](mailto:primeny711@aol.com) for free counts and to get more information about how Prime New York can help you communicate with your voters.**

## PRIME NEWS GOING DIGITAL IN 2016

Next year, you won't be receiving New York City election results in your mail box. Beginning in 2016, we will be sending Prime News to our readers via email. We have email addresses for most of those on our mailing list but if anyone is not sure we have you and you want to guarantee you continue to receive Prime News, send an email to: [primeny711@aol.com](mailto:primeny711@aol.com), with "Prime News" in the subject line and we'll make sure you get in 2016 and beyond.

## THE PRIME NEW YORK DIFFERENCE

**1. Over 40 years of experience in New York politics**

**2. Over 30 years of experience with voter files and related products**

**3. Quick turnaround for all jobs**

**4. Constantly refreshed voter data with updates at least every six months**

**5. Fresh telephone and National Change of Address updates every 60 days**

Stuart Osnow and Jerry Skurnik founded Prime New York in 1988 at the request of many in New York's political community who were dissatisfied with the other vendors in the voter file business. It rapidly have become New York's largest business in this field.

We can select voters for targeting based on voter history, age, gender, ethnicity, or any combination. We can match outside files to the voter file to identify supporters in the new districts & can create maps. We can help you target your voters and we offer free counts.

### Telephones

Our data is matched for telephones.

We provide:

- random samples for polling.
- phone lists for calling.
- automated phone call services.

### Cell phones

The voter file is also matched for cell phone numbers.

Cell phones:

- cannot be used in automated phoning campaigns.
- can be used for live calls.
- can be used for texting.

We provide texting services.

### E-mail

We match voters for verified emails.

We design an email campaign for you, including the blasts.

Our emails are not usable by services such as Constant Contact which require opt-in emails. We can blast emails for you allowing your campaign access to those that click through to your website or email you. These become opt-in email addresses.

### Campaign Mail

We can write, design, print and mail for you or we can print and/or mail an already designed or printed mailing.

*Dear Friends,*

*Once again, we are sending to you last year's New York City election results along with the latest information about Prime New York and our products and services.*

*We at Prime New York are here to help candidates, consultants, unions and associations. By being active participants in New York politics, we've been able to respond to local needs and to offer products and services that New York campaigns can use at reasonable prices.*

*That's the reason Prime New York is the consultant other political consultants turn to.*

*For further information and/or free counts, either email us or give us a call at 212-587-8080.*

# ABOUT EMAILS

**As more campaigns are using email addresses for voter contact, it's important to be aware how email in politics is different.**

At Prime New York, we create email files by matching the voter universe the campaign wants to an email file that once matched is sent out to be verified. This usually produces emails for @20% of selected voters.

The universe selected can be either all voters in a district or voters selected

using Party, voter history, age, geography, gender, ethnic information or any of the information on the voter file.

Our email files come from opt-out files and can include all the voter data that is included on regular voter files, not only names & emails.

Services like Constant Contact and Mail Chimp & Gmail, AOL, Yahoo are NOT the services you want to use for your campaign. Politics is not their business. It doesn't matter to them how close it is to Election Day!

It matters to us! We work with campaigns. We have our own tools and platforms for sending out campaign emails.

If you are considering using email for your campaign, contact Stu Osnow at **212-587-8080** or **primeny@gmail.com** to discuss how we can help you reach your voters.

# PRIME NEW YORK

No one knows their way around voters like Prime New York.

That's why campaigns turn to Prime New York for:

- Free voter counts
- Database files
- Phone lists
- Walking lists
- Cell phones
- E-mail addresses
- Automated phone calls
- Petition verification
- Targeting reports
- Voter history
- Ethnic/Gender/Age selections
